

Molly was raised in Ohio, earned a B.S. in Nursing from the University of Toledo, and then joined the United States Air Force, serving in the Nurse Corps for 20 years. She met her husband Darrell in the AF, and they've lived in 7 states and 1 foreign country. When they retired in 2003, they chose to live in Monument to be close to family. Molly continues practicing as a Women's Health Nurse Practitioner. She is currently working at Peak Vista Community Health Center, providing both prenatal and gynecologic care to underserved women. She loves educating her patients and finds the health issues for this population very challenging.

Molly and Darrell have 4 children and 1 grandchild. They adopted their youngest from Foster Care when she was just 22 months old. In addition to family time, Molly's favorite activities are hiking, painting, reading, skiing, and traveling. Molly was a Hangers to Hitches volunteer for 4 years, prior to joining the TLC Board of Directors in 2016.
