

Cindy started as a volunteer at the TLC's former thrift store in October 2011. Born in British Columbia, Canada, she was raised in California and moved here in May of 2009. Her parents also moved to the Tri-Lakes area so they could enjoy their granddaughters, Isabella and Sierra. Cindy received her Associates Degree in Business Administration at Santa Barbara Business College and since 1998 has owned her own bookkeeping business. In April of 2013 she took on the Accounting Manager position at Tri-Lakes Cares and considers herself to be blessed to be counted among the volunteers and staff of such an amazing organization that **has such a deep and positive impact on her community.**

In 2013 she married her best friend Jasen Alvarado, an elementary school teacher in District 49. For fun she loves cooking, shopping, yoga, taking walks, riding bikes, camping with her family and enjoying their animals.
