

Jackie was raised in California and graduated from the University of Southern California with a BS in Business Administration and Decision Systems. She spent most of her career in information technology holding roles such as programmer, systems analyst, IT manager, technical training, product management and partner enablement.

Jackie and her husband James moved to Monument nearly thirty years ago and have one son who went to D38 schools from kindergarten to 12th grade, graduating in 2017. During this time, she volunteered in the schools, attended PTO and Building Accountability and Advisory Committee meetings, and volunteered for her son's hockey and robotics teams. Jackie and James previously owned an IT Managed Services company, and both are long-time volunteers in the community at Our Community News.

Jackie loves to read, hike, and is an avid birdwatcher and photographer. She is passionate about public education and community involvement, looking for ways to help others, and reading legislative policy and board packets for the organizations she follows.
