

Stacey McAlister is Colorado Springs area native and is excited to serve the community in her new role with Tri Lakes Cares! Stacey began volunteering with Tri Lakes Cares as a snack pack delivery person for Monument Academy in 2021. Her professional experience is in retail, sales, and customer service. She earned a Bachelor's degree in Retail and Consumer Science from the University of Arizona.

After moving around the country, Stacey's husband retired from the military in 2019 and they decided to make Monument their "forever home" as her girls love to call it. Stacey loves this community and looks forward to giving back and becoming a bigger part of this community that she calls home.
